IMPROVEMENTS AT MONMOUTH PARK.

BIG MONEY TO RACE FOR-READY FOR THE SUM-

MER MEETING.

Long Branch, June 18 .- The management of the

Monmouth Park Association are making the most ex-tensive preparations for the racing season, which will

open there on Independence Day. It will last eight weeks. The added money given by the association dur-

ing the season will aggregate \$205,000. This means

that the owners of the winners of the races will be

paid at least \$500,000. Last season the added money

was \$169,000. Captain Croft, the assistant secretary

of the association, was at the track yesterday. He

said July 4 would be one of the biggest race days ever

known in the history of the American turt. There are

twenty-nine entries for the Ocean Stakes, which will

be run that afternoon. Among the horses which have

been entered for it are The Bard and the Emperor of

Norfolk. J. B. Haggin has also entered a horse with

which he will " look for" the Emperor of Norfolk. Mr

Haggin has eighteen horses at the Park. They are

exercised daily on the track, as are also the animals

owned by Mrs. George L. Lorillard. A number o

other well-known strings are expected here this week.

tendent of the Park, in place of Colonel William A.

Morrell, who resigned last year. The immense in-

closure of the association is rapidly being put in

condition, and it is being carefully worked over

every day. It is estimated by the officers of associ-

atton that the improvements this season will cost \$50,000. The betting ring at the lower end of the

grand stand has been enlarged, until now it is 160 feet

square. Last year it was only forty-five feet wide

and 160 feet long. A short distance south of the

grand stand is a new receiving stable which will afford quarters for pearly thirty horses. It is for

Let us see the true merits of this much-praised Suburban winner tested in a field of such size and at such distance that there will be no excuse for aten ones if Elkwood wins. Every one knows what The Bard would do with this field if he were in the with 125 pounds on his back. In my opinion Elkwood, if he starts, will not be first, second or third in the Bay Ridge, if Firenzi, Terra Cotta, Rupert, Ridalgo and Dunboyne run against him. As for the silly donkey who brayed out a selection yesterday of Joe Cotton to win the Bay Ridge, has he ever been near a racesourse in his life? Is it possible that he does not what every man with the scantiest knowledge of racing knows-that poor Joe Cotton, after getting off in the front line in the Suburban and holding a good osition in the race for nearly a mile, was the worst aten horse in the race when the homestretch was ched, and came in last? Joe Cotton may run fairly nine furlongs, but in his present condition he is from fit to run a mile and a half in fair company, and, indeed, with his liability to bleed in the head, he is not likely ever to run a really good mile and a

half race again. Taking the races in their order, Buddhist, if he arts, ought to win the Surf Stakes, although he will have a hard task to give seven pounds to Brussels. With Buddhist out Brussels should win with Diablo

In the second race, if it is not divided, almost rerything will depend upon the start in so big a sid, but the finish should be fought out by Eolian and Inspector B., and as Eolian is in fine form now he should just win, ridden by Garrison. ont ought to win the Tidal Stakes with

Prince Royal, while Defaulter may run second. Now as to the Bay Ridge Handicap. It is a pity that Mr. Galway declines to run Linden, for the big son of Longfellow would make a great race at that distance and in that field, even with 126 pounds up. But Mr. Galway seems to think that he has a better chance with the lightly weighted Rupert. Possibly but I doubt it. Terra Cotta is dangerous, but he has had a great deal of fast racing this year and be may w be off edge and a little stale from the change the East from the West. Many trainers believe that a horse feels the effects of such a change more a week after his migration than just after his journey. Both Firenzi and Hidalgo have proved their ability to run great races at a mile and a half, and Mr. Haggin should win the Bay Ridge with one of the pair probably Firenzi, while Terra Cotta may run second. Dry Monopole's race on Saturday was too vits to be true form. To be beaten by Ordway at twenty-six pounds difference in weight was bad enough. ONLY EXHIBITION GAMES HERE. BROOKLYN BEATS NEWARK, AND JERSEY CITY BALTIMORE-THE RECORDS.

BALTIMORE—THE RECORDS.

The Brooklyn and Newark nines played at Newark yesterday, and the Brooklyn team won with remarkable case. About 2,000 people were present, but the easy tory of the visiting nine deprived the contest of victory of the visiting nine deprives the contest of much of its interest. The home players could not gauge Mays's delivery, while Baker's curves were batted in every direction. The only run scored by Newark was due to errors of Holbert and Smith. Swarms of mosquitoes almost devoured both players and onlookers.

A CLEVER SCHEME, BUT IT FAILED. Louis Goldstein, of No. 7 Norfolk-st., entered the clothing store of Harris Cohen, at No. 168 Park Row yesterday, and asked for change for a hundred dollar bill. Barryman Englander, the cashler, counted ou he wanted silver. He took back his \$100 bill, and left the store. Then the cashier discovered that the man had given him back only \$60. He gave chase to Goldstein, and caused his arrest. At the Essex Market Police Court Goldstein was held in default of \$1,500 ball for trial. He had \$528 in his possession. \$100 in bills, which Goldstein returned, and said that

The letters contained circulars such as are sent out by the swindlers and were returned by the writers who had "dropped to the game." The Justice is looking for the gang and he threatens to make it lively for them.
